

## IT'S TIME TO PLACE YOUR ORDER

Now that you've decided on a shed size, shed style, siding and roofing choice, colors, and options, it's time to place your order. We ask that you pay a 50% deposit in order to put your shed into our production schedule and have it built. Your deposit is refundable if you cancel your order before we begin production. We take cash, check, or credit card payment for this deposit.

It takes approximately four weeks to build a shed to order. If you need something sooner, let us know. When we have a finish date from our shop schedule, we will contact you and establish a delivery appointment. The balance due on your order is payable at the time of delivery. The balance due is collected by the delivery person; cash, check, or credit card payment is accepted.

### PAYMENT OPTIONS

### FINANCING OPTIONS

In addition to the above cash terms, financing through **Rent-to-Own** and American General is available.

**Rent-to-Own** is an economical alternative to renting a commercial storage unit. You get the convenience of having your storage unit in your own back yard at rates similar to commercial units. No credit check is required. This is not a purchase; you are simply renting. You have the option of purchasing the shed after 33 months.

American General Financing offers a *90 Days Same as Cash* program or you can arrange a conventional personal loan with monthly payments.

Ask us for more information about these financing options.

---

**Reminder:** Pick up our information sheet regarding site preparation if you plan to prepare the site yourself. A level, properly finished pad will protect your storage building investment. Or, let us free-up your time by doing the site prep work for you.
